Osobine

Radni pritisak	on request
Radna temperatura	Max. +20 °C
Materijal	Polypropylene (PP)
Zaptivni materijal	NBR

Napomena

Ostali podaci na upit.

Opis

Lightweight, push-in fittings distinguished by high strength, toughness, resistance to abrasion and impact resistance - ideal for a wide range of applications. Plastic and metal tubes are connected together quickly and easily. Suitable for compressed air or liquids, with good resistance to a large number of chemicals.
