

K-KOMBIDUESE LAERMARME

Low-noise combination nozzles

属性

接口类型 G 1/4 male

提示

For noise, air consumption and blowing force values, see diagrams 1-17 in the technical information.

描述

If correctly designed, these noise-reducing nozzles guarantee a lower noise level than conventional one-hole types with an identical blowing force. They are usually fitted with a noise-reducing plastic insert and they are recommended by the German BGIA (Institute for Occupational Safety and Health).

货品

名称	喷嘴宽度 (mm)	长度 (mm)	原料	示意图
